

I am a chartered architect with 25 years of experience in design and implementation in various building sectors such as Residential, Commercial, Transport, Education, Leisure, Cultural and Healthcare as well as Urban Design and master planning.

On time delivery within budget combined with design quality has been my main achievement throughout. This was accomplished only through inspiring motivation in a team oriented culture and attention to detail. Identifying an architecture to bring people together and the making of a 'place'. I have initiative, determination, design and site management experience and teamwork skills to bring to your practice.

Profile:

- Extensive experience in **detail design** and preparation of **production information** packages and interior design as well as **co-ordination** with other consultants, local authorities, Building regulation and English Heritage.
- Feasibility studies and application of **Planning consent** with 90% success rate.
- Good experience of diverse **procurement** methods such as JCT05 conventional contract, Design & Build and Management Contract and overall project management skills.
- Lateral thinking and good communication within small and large teams.
- Responsive to client's brief and **track record** of client liaison in UK and internationally as well as experience in outsourcing production information to save costs.
- Expertise in Passivehaus design and **Sustainable Development** particularly in Middle-east and North Africa.
- Award winning master planner and **urban designer**.

IT SKILLS:

Fluent in: AutoCAD, Microstation, Photoshop, Spec-writer, Word Excel and PowerPoint.

OCCUPATIONAL HISTORY (most recent first)

1. TRANSPORT, LEISURE, MASTER PLANNING AND SUSTAINABILITY
